### < Best Day Spa

Throw a rock on Newbury Street and you're likely to hit a salon or day spa. Boston spaficionados are unanimous in their choice of the best: **Bella Sante**. Its reputation is well-deserved. There's an extensive menu of treatments including a Champagne Yeast Facial for dry, mature skin and a Green Tea and Spirulina Algae Facial for detoxification; deluxe facials begin with a relaxing upper-back massage. Post treatment, you'll find a basketful of the products you experienced, but no hard sell. If you're too blissed-out to make on-the-spot purchase decisions, you can find it all online. Bella Sante also offers massage, hair removal, body treatments, and nail care as well as specialized treatments for men. Contact (617) 424-9930 or visit [www.bellasante.com](http://www.bellasante.com)
